REALTORS® Association of Edmonton

Residential Listing Input

Below are the REALTORS® Association of Edmonton's Rules and Regulations for submitting a listing.

Rules and Regulations

1. DEFINITIONS AND INTERPRETATIONS

1.01 In these MLS® System Listing Rules, unless the context requires otherwise:

c. "Board" means the Board or Association on whose MLS® System the MLS® Listing will be posted.

2. MLS® LISTINGS

2.01 Requirements

a. The Listing Brokerage must secure an MLS® Listing Contract signed by the owner/owners or any person lawfully entitled to list the property for sale or by his/her/their lawfully authorized representative(s), such as the applicant in a court ordered sale.

b. Only the approved forms of MLS® Listing Contract, amendment or extension thereof, shall be used for MLS® Listings to be serviced through the Board's MLS® System. All required data fields must be completed in such MLS® Listing and a full and accurate description of the property must be provided.

c. GST, where applicable, must be included in the list price on all MLS® Listings for residential property. In cases where there is uncertainty of the application of GST, such as on Country Residential properties, Members shall note a statement of disclosure regarding GST due diligence in the Public Remarks field.

d. All MLS® Listings must have a minimum duration of 60 days.

e. In applicable instances, the word "Buyer" may be interchangeable with "Tenant" and the word "Seller" may be interchangeable with "Landlord".

2.03 Additional Requirements

a. All MLS® Listings must disclose the seller's full legal name, except in instances where the seller provides the Listing Brokerage written instructions not to disclose. In these instances, the seller's written instructions, with the Listing Brokerage's acknowledgement, must be retained by the Listing Brokerage and provided to the Board upon request.

2.04 Photographs/Images

a. An MLS® Listing will be considered to be "incomplete" as an MLS® Listing in accordance with subsection 2.01 and subsection 2.07, if there is not:

i. at least one photograph or artist's rendering of the exterior of the property (including condominiums);

ii. for vacant land, either a photograph or artist's rendering or a map of the area.

b. Photographs or artists' renderings shall not include any wording or other embellishments not related to the property, such as, but not limited to: corporate logos, advertisements, Member contact information or any messages other than "Sample Photo".

c. All images uploaded to the Board's MLS® System become the property of the Board. The Board is entitled to use these images at its sole discretion and reserves the right to watermark these images with its brand to demonstrate ownership.

d. Any alteration of an image owned by the Board is prohibited.

e. Members shall not use any of the images from Active MLS® Listings or previous Listings, regardless of the format, without the written consent of the former Listing Brokerage and notification to the Board upon request.

3. MLS® LISTING PROCEDURES

3.01 Submitting MLS® Listings to the Board

a. MLS® Listings must be

i. Brokerloaded into the Board's MLS® System; or

ii. delivered to the Board in the process required by the Board, within two (2) Business Days of the commencement date of the MLS® Listing.

b. For Brokerloaded MLS® Listings, there is no requirement to send the MLS® Data Input Sheet to the Board. For MLS® Listings that are to be loaded into the MLS® System by the Board, a copy of the completed MLS® Data Input Sheet shall be delivered to the Board within two (2) Business Days of the commencement date of the MLS® Listing.

Below are the REALTORS® Association of Edmonton's Rules and Regulations for submitting a listing.

3.03 Amending Listings

a. Any changes to the price, terms or conditions on an existing MLS® Listing must be acknowledged by the seller in writing before updating the MLS® Listing.

b. If Brokerloading to the MLS® System, the Listing Brokerage must make the corresponding changes to the MLS® Listing in the MLS® System within two (2) Business Days of the effective date of the Amendment to the MLS® Listing. If submitting to the Board for loading, the Listing Broker shall notify the Board of any changes to the price, terms or conditions of an existing MLS® Listing within two (2) Business Days of the effective date of the Amendment to the MLS® Listing.

3.04 Extending Listing

An MLS® Listing may be extended to a new expiry date, provided that:

a. before the original expiry date, the Listing Brokerage obtains an Extension/Amendment Agreement signed by the person(s) who signed the MLS® Listing Contract; and

b. The Listing Brokerage, if Brokerloading, makes the changes in the MLS® System to reflect the new expiry date or, if the Listing Brokerage is notifying the Board to make the changes in the MLS® System, that such notification, in the manner as required by the Board, is made within two (2) Business Days of the signing of the Extension/Amendment Agreement, and, in any event, either action occurs no later than the original expiry date of the MLS® Listing.

3.05 Temporary Withdrawals/Suspensions

An MLS® Listing may be temporarily withdrawn for up to ten (10) Calendar Days, provided that the Listing Brokerage provides written instruction to the Board that are signed by the person(s) who signed the MLS® Listing Contract and that state the reason for temporary withdrawal/suspension.

3.06 Terminations of Listings

a. An MLS® Listing may be terminated upon the signing of a Termination Agreement by the persons who signed the MLS® Listing Contract and the Listing Brokerage/Principal Broker Member. If the Listing Brokerage is Brokerloading, this change in status must be made in the MLS® System within two (2) Business Days of the Termination Agreement being signed or, alternatively, if the Board is making the changes in the MLS® System, reported to the Board within two (2) Business Days of the Termination Agreement being signed.

b. See section 4.01 regarding continued sale reporting obligations notwithstanding the termination of an MLS® Listing.

3.07 Audits of Listings

a. The Board reserves the right to conduct random audits of MLS® Listings, regardless of the status of the MLS® Listings that are submitted to the Board's MLS® System by Brokerage Members. The purpose of these audits is to verify MLS® Listing-related documentation and/or the Brokerage Member's compliance with the MLS® System Listing Rules.

b. The Principal Broker Member shall submit any requested documentation relating to one or more MLS® Listings, which may include, but not be limited to, a copy of the MLS® Listing Contract and completed MLS® Data Input Sheet.

REALTORS® ASSOCIATION OF EDMONTON POLICIES AND PROCEDURES

3. INCOMPLETE LISTINGS

3.01 When mandatory information is missing, the listing will be processed, flagged incomplete and a notice faxed to the Principal Broker Member.

3.02 Disciplinary Action

a. Any listing which is flagged incomplete will not be forwarded to CREA for display on REALTOR.ca until the missing information has been provided to the Board.

b. The Principal Broker Member will have seven (7) days to provide the missing information.

c. On the eighth day, a maintenance fee of $25.00 will be charged to the Listing Brokerage. This charge will continue each week until the information is updated or until a maintenance fee of $75.00 is accumulated.

d. Once the maximum fine of $75 is reached an additional notice will be sent to the offending Member advising them that their information system access will be withdrawn should they fail to provide the missing information within seven (7) days.

CHECK THE LIST BELOW TO ENSURE THE ENTRY OF YOUR LISTING IS COMPLETE

(I = Incomplete and **Bold** = Sendback)
